

**To: ACDELCO TRAINING CUSTOMERS**

**SUBJECT: CFC/HCFC/HFC Certification**

This course is based on Environment Canada's "Code of Practice for Reducing CFC Emissions in Refrigeration and Air Conditioning Systems". The course and the Participant Manuals supplied deal with environmentally correct equipment design, proper handling of CFC/HCFC/HFC and will prepare the participants for complying with provincial regulations covering refrigeration and air conditioning systems. Participants who attend this two module broadcast and successfully achieve a mark of 75% or better on the exam will be eligible to receive certification in the form of an Ozone Depletion Prevention (ODP) card (Ontario only) or an Ozone Depleting Substances (ODS) card (all other provinces).

ACDelco is pleased to announce that a CFC/HCFC/HFC Certification course will be offered via ACDelco **OnDemand**. Please contact your ACDelco Distributor for more details.
