Wiper Blade Features

GOLD

SILVER

GOLD

All ACDelco Gold wiper blades have a 12 month/20,000 km warranty*

HIGH PERFORMANCE BEAM

- Similar look and function to OE blade
- Easy one step installation, no adaptors, fits both pinch tab and push button arm types
- Spring steel beam structure provides uniform pressure for the clearest wipe
- High performance airfoil that reduces wind lift
- One-piece, all weather structure resists snow and ice dragging
- Tested to perform over 500K cycles
- Engineered to conform to today's specially curved windshields

WINTER BEAM

- Exclusive winter rubber profile designed to limit ice build up
- Optimized winter shape prevents ice and snow build-up due to its thin shape
- Specific winter coating limits blade sticking to the windshield and increases coating adhesion
- Curved metal spine optimizes contact and homogeneous pressure distribution

HYBRID

- Similar look and function to OE blade
- This blade is a hybrid that combines the sturdy, high-pressure frame of a conventional blade with the sleek, aerodynamic outer shell of a beam blade
- Easy one step installation, no adaptors
- Fits both 9x3 & 9x4 hook
- All season performance that balances flexibility in cold weather and durability in warm weather
- Tested to perform over 500K cycles
- Engineered to conform to today's specially curved windshields

ALL SEASON CONVENTIONAL AND COMPOSITE REAR

- Similar look and function to OE blade
- Easy one step installation, no adaptors
- Available in all season conventional, all season composite and beam
- All season conventional and composite rear wiper blades are designed for year-round use in rain, light snow and moderate temperature shifts

SILVER

All ACDelco Silver wiper blades have a 6 month/10,000 km warranty*

BEAM BLADE

- Spring steel beam structure provides uniform pressure for the clearest wipe
- Limited adaptors with optional coverage

ALL SEASON CONVENTIONAL

- Low-cost alternative to beam blades
- Fits 9x3, 9x4 hook and side lock arm types
- All season performance that balances flexibility in cold weather and durability in warm weather
