

The ACDelco Professional logo is located in the top left corner. It features the word "ACDelco" in a bold, italicized, sans-serif font, with "Professional" in a smaller, standard font below it. The background of the entire advertisement is a collage of automotive parts, including starters and alternators, with a blue and red color scheme.

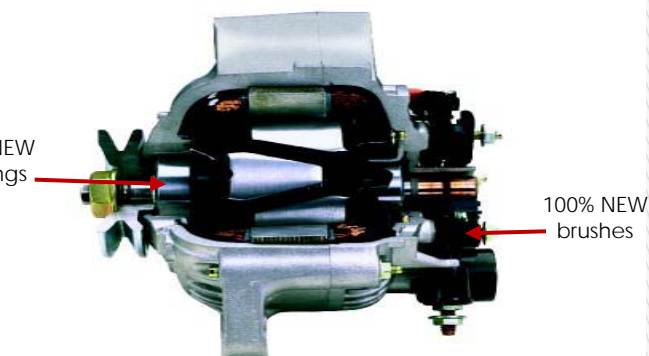

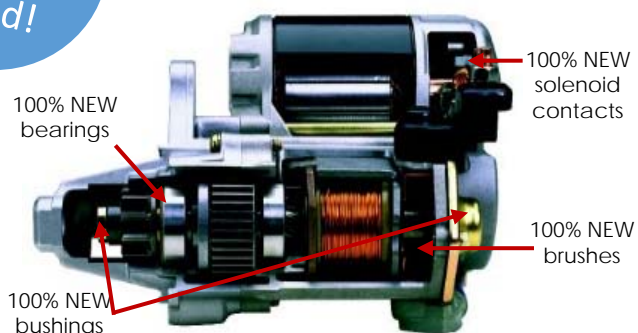

PROFESSIONAL REMAN STARTERS AND ALTERNATORS

Professional Remanufactured Starters and Alternators offer everything you've come to expect from ACDelco, including product quality and technical support. ACDelco Professional, premium aftermarket Starters and Alternators fit GM vehicles as well as a wide range of other makes of vehicles on the road today.

PROFESSIONAL REMAN STARTERS & ALTERNATORS

78 Part
Numbers
Added!

- An ideal high quality replacement for both GM and non-GM vehicles
- Approx. 2,700 SKUs with an application mix of 17% GM and 83% non-GM
- 100% Performance-tested and inspected to help meet your expectations for quality design and component specifications
- Starters have bronze sintered, oil-impregnated bushings and the solenoid contacts have copper terminals and plated hardware
- Alternators use high-quality bearings with high-temp lube and double-lipped rubber seals while rotors and stators are electronically tested and sealed with secondary insulating coating
