

ACDelco Labour Reimbursement

Nationwide Labour Reimbursement Program

The Labour Reimbursement benefit adds peace of mind for customers who have their vehicles serviced at an ACDelco PSC program member shop. It provides additional labour reimbursement terms for PSC customers who experience an ACDelco product failure. Log into TechConnectCanada.com for full details.

WHAT IS COVERED

The Labour Reimbursement benefit delivers a nationwide up to 24 month/40,000 kms on Genuine GM and Professional/Gold Product Lines (*whichever comes first*) and 12 month/20,000 kms on Advantage/Silver Product Lines (*whichever comes first*) limited labour reimbursement* for ACDelco parts installed at an ACDelco Professional Service Centre program member repair facility.

Up to 24 months/40,000kms for Genuine GM and Professional/Gold Product Lines is effective on repairs (as of July 1, 2020) for active members (at the time of the repair and claim submission). The qualification of up to 12 months/20,000 kms for all brands apply including any Genuine GM and ACDelco Professional/Gold parts that have a parts warranty less than 24 months/40,000kms and the Silver brand of parts. Battery coverage is effective on the battery sale and subsequent warranty repairs made as of October 1, 2021 for active members (at the time of the part sale and repair and claim submission) and ranges from up to 12 to 24 months based on the battery type and part number. Heavy-duty batteries qualify up to the qualifying GVW for commercial vehicles limit noted.

The program applies to ACDelco products installed by a member of the ACDelco PSC program that fail due to a manufactures' defect within the noted time and kilometer limits (*whichever comes first*) from the time of the original repair. Coverage based on the vehicle being subjected only to normal use and receiving reasonable and necessary maintenance. *Reimbursement will be capped at \$85 per hour up to 3 hours for each validated claim plus applicable taxes. SEE THE QUICK REFERENCE GUIDE FOR COVERAGE DETAILS.*

A Nationwide Claim can be made only when the vehicle is over 40kms away from the Original ACDelco PSC location, and both program members qualify based on the guidelines of repair and member status at time of first repair and this claim.

WHAT IS NOT COVERED

The customer must pay for any non-warranty service ordered to be performed at the same time as any warranty service. The part warranty follows standard published and existing supplier supported warranty, and will not apply if the vehicle has been damaged by abnormal use, misuse, neglect, accident, alteration, or "tampering with" (by other than the Facility or Facility employees). Incidental or consequential damages are not included.

EXCLUSIONS

This benefit applies only to motorized passenger vehicles (light and medium duty) and specifically excludes trailers, vehicles with a GVW greater than Class 6 rating above 26,000 lbs (11,793 kg), motorcycles, recreational vehicles, and any vehicle used for farm, ranch, agriculture, or off-road use. **Specific exclusions are:** engine, transmission, clutch, or differential repairs, associated gaskets & seals, or assembly replacement. Also excluded are auto body, paint, molding, glass repairs, tires, used parts as well as non-automotive batteries within marine, lawn and garden and recreational.

PROCESS TO FOLLOW TO SUBMIT A LABOUR REIMBURSEMENT CLAIM:
