# Professional SEVERE DUTY BRAKE PARTS

Our towing groups make ordering severe-duty brake parts easy.

Designed to work together for towing heavy loads

ACDelco Professional Severe Duty Brake parts are built to work together for optimal performance for heavy duty towing. Our all makes line includes rotors, pads, calipers and hardware. The perfect package of brake parts for your truck, RV and fleet customers who want quality engineering and safety for their investment.

## ■ PADS

- Designed to help **withstand the high temperatures** associated with braking when towing additional weight
- **More durable** and better wear than standard truck pads
- Mechanical Locking System holds friction material firmly in place, to help with **retention strength and long term durability**
- Constrained multi-layered shim helps to deliver optimal noise dampening
- **Premium hardware** included where applicable

## ■ CALIPERS

- **100% new** – No core return required
- **100% new seals** and components
- **100% end of line** tested and pressure tested for leaks
- Black finish, **zinc coated** body and **silver zinc bracket**
- High temperature silicon boots and lube
- ASTM B-117 Salt spray tested
- Pre-lubrication of critical points
- **Friction ready**
- Branded with ACDelco logo on caliper\*
- One box contains two calipers, one left and one right

## ■ ROTORS

- **COOL SHIELD™** coating on the rotor surface and specialized paint on the hat help with corrosion resistance
- **High Carbon iron content** helps reduce brake fade at high temperatures which means a fast recovery rate, which helps the rotor stay cooler and reduce noise
- Application specific vane configuration helps dissipate heat
- **Specially designed venting S-Grooves** help improve gas outflow from rotor and increase pedal feel and performance
- **Advanced design** eliminates the need to drill holes that are prone to crack
- 30% improvement in pad wear
- **All Makes** – over 175 total part numbers covering GM and all makes applications
